GENERAL INFORMATION

The summer school for 1968 will operate in one session of two terms of five weeks each. Students may take two courses each term, and one physical activities course in either the first or second term. Ordinarily thirteen semester hours may be earned.

No changes in schedule will be permitted after the close of classes on Wednesday of the first week of each term. In every case such changes will require the Dean's approval, and a fee of $2.00 will be charged.

College facilities will be available only to students registered for not less than four semester hours of work.

The residence halls will be available only to students enrolled for not less than four semester hours of work.

Neither academic probation nor suspension may be removed by credit earned in workshops or institutes.

All college regulations which apply to students during the regular academic year, with exceptions noted above, will apply to the summer session.

Class Attendance Regulations

Freshmen, sophomores, and those on scholastic probation will be subject to the following regulations: Any freshman or sophomore who has four unauthorized absences during a term will automatically be dropped from the class with a grade of F. A total in all classes of *eight* unauthorized absences will mean that the student may be dropped from school. When a student on scholastic probation has *two* unauthorized absences, he is dropped from the class with a grade of F.

Absences will be recorded for juniors and seniors but the only regulation that will apply to them is: when such student misses one-sixth of the classes given in any course, he must have special permission from the Dean of the College to take the final examination.

Admission and Room Reservation

All students who plan to attend and who are not now attending the regular session should fill in the blank on the back cover of this bulletin and return it to the Director of Admissions requesting a regular application form. All others will simply pay the usual deposit at the time designated.

A student who is attending another college and plans to be here for the summer school only should have a statement of good standing sent from that college to the Director of Admissions of Alabama College at least a week prior to the opening

date of summer school. No transfer student may be admitted until an official transcript from the institution from which he is transferring has been received and approved.

Registration

Registration for the first term will be held Monday, June 10, and registration for the second term will be held Monday, July 15. No student will be permitted to enroll after the beginning of classes without special permission of the Dean of the College. If such permission is granted, a late registration fee will be charged.

COST OF ATTENDANCE

*Room, board, per term	$115.00
Sales tax on board, per term	1.80
College and credit hour fee, per term	60.00
Total cost per term	$176.80
Out-of-state fee, per term	$ 50.00

It should be noted that no additional laboratory, activity, or other special fees are charged, except for private music lessons and musical instruments as indicated by catalog sections dealing with music programs. This system of summary charges is used by Alabama College because it presents accurately the charges made to students. This fact should be borne in mind when considering cost comparisons where varied and special charges are made.

When a student registers for less than five hours, he will be charged at the rate of $12.50 per semester hour, with a minimum charge of $25.00.

Music fees:

Applied music carries the college fee plus a charge of $24.00 for each term.

Charges for children:

Children living in the dormitory with their parent or parents will be charged as follows:

*Charges are based on two occupants in a room. An additional charge will be made when a student occupies a room to himself. An additional charge of $10.00 per person per term will be made for occupancy of an air-conditioned residence hall. This applies to men students and to family groups who might wish to occupy one of the air-conditioned residence halls. These charges are based on the assumption that students bring their own linens.

Any child under eight years of age will pay one-half of room and board. A child of eight years of age and under twelve years of age will pay two-thirds of the regular rate for room and board. Any child twelve and over will pay full price for room and board.

For cost of attending the elementary or high school see pages 7 and 16.

For cost of attendance for special workshops and institutes listed on pages 7-9 to be held during the summer school, write to the director of the workshop or institute in which you are interested. The charges will include tuition, room, board, and medical services. The participant will provide his own bed linens and towels.

Housing Facilities and Board for Adults and Children

Room and meals on the College campus will be available for men, women, and for families.

Married students and graduate students may secure room, board, or facilities for light housekeeping in many homes and apartment houses in the town of Montevallo at reasonable rates.

Refund of Fees

No fees except those for room and board will be refunded to those students who withdraw after completing their registration for a summer school term.

A student who withdraws before completion of a term is charged $4.00 per day for room and board from the opening of the term until notice of his withdrawal is received by either the Dean of Men or Dean of Women.

COURSES OFFERED

Courses are offered in art, biology, business administration, chemistry, economics, education, English, geography, geology, history, home economics, mathematics, music, philosophy, physical education, physics, political science, psychology, religion, sociology, and speech.

Introduction of New Courses and Elimination of Announced Courses

Teachers Certificates

Requirements for the issuance and reinstatement of the several types of Alabama teachers certificates may be met by work completed in summer school. Those interested in securing a certificate through summer school work at Alabama College may obtain full information from the Summer School Director. Those interested in reinstating a certificate are requested to bring their old one with them.

THE GRADUATE DIVISION

Alabama College offers a program of graduate study in elementary and secondary education with majors in the following fields: American studies, biology, counselling and guidance, education, English, general science, home economics, history, mathematics-physics, physical education, psychology, speech and speech correction. This program leads to the degree of Master of Arts in Teaching.

Admission to the Graduate Division is based on a C+ average on undergraduate work, and/or a satisfactory score on the Graduate Record Examination. The Aptitude and Area Tests are required. Graduate Record Examinations are given several times each year in Alabama. Those entering the Division before the Graduate Record Examinations scores are available will be admitted on a tentative basis only. Undergraduate credit only will be granted for courses when admission requirements are not met.

The Graduate Record Examinations for admission for those working towards a degree will be given on the campus on June 10 and 11. Examinations are required of all applicants who enroll for work towards the degree. A fee of $5.00 will be charged, and applicants will be admitted to the examinations only upon presentation of a receipt from the Business Office.

Those desiring to begin graduate work this summer should write for the graduate bulletin and for an application blank to enter the graduate program. It is important to complete the application and return it to the Director of Admissions, and have official transcripts of all undergraduate credits sent at least two weeks before the opening of the summer session.

In the description of courses given in this bulletin to be offered this summer, courses numbered 300 and 400 which are marked with an asterisk (*) are open to both graduate and undergraduate students and will carry undergraduate or graduate credit. Courses numbered 500 are open only to graduate students and will carry only graduate credit.
